**Subject:** Uber!!!!

Uber us the most professional and reliable car service I have ever had the pleasure of using! The drivers are courteous and the app is a lifesaver! They are a well respected company and have car services in all of the major cities and I have used them in all of those cities! Do not revoke their right to service Charleston SC. If the issue is the cabs or public transportation losing money then step up your game! Uber is one of the best things that happened to this city in 2014, let's make sure they are around for 2015!

Subject: Uber

As a traveler and Uber rider I want the right to choose who I travel with. I've had numerous bad cab experiences thus me now taking uber.

I've never had a bad Uber experience in the US or another country and I like the opportunity to make my own choice and believe competition keeps us all honest.

Regards

**Subject:** Uber Helps South Carolina

To Whom It May Concern,

I would like to express how disappointed I am that this state is attempting to remove the incredible service that is Uber. In a heavily Republican state such as SC, elected officials run along party lines, parroting lines about "standing for the common man" and "supporting a free market." In what way does this decision uphold these ideals? This service, at the local level, is run for and by the common man. It keeps our streets free of drunk drivers, gives qualified individuals an opportunity for additional income, and all while holding every driver accountable.

I am a happy Greenville resident; I was born in Spartanburg, educated at Clemson, and am currently employed as a Mechanical Engineer. This city attracted me because of its forward-leaning attitude and cultural relevance. Uber benefits the city in countless ways, and banning this service sends a message to young, talented people that this city's "up-and-coming" image may be a complete fabrication. South Carolina has enough problems retaining its talented youth; this decision will simply say that the power in this state will not cater to its future leaders.

Please consider the positive impact this service has on the city of Greenville and the state of South Carolina, and allow Uber to continue in our great state.

Sincerely,

## Adams, Hope
